## Meet us in Denver, CO for NANOG 73!

This is the third time NANOG is being held in Denver. We will be gathering at the Hyatt Regency Denver.

Denver is the capital of Colorado, exactly one mile above sea level, and has a 140 mile panorama view of the Rocky Mountains. With good universities and a central location, Denver has become a hub for technology companies of any size.

NANOG 73 takes place June 25-27, 2018, and will offer a great opportunity to network with colleagues, freshen-up skills, learn advanced networking techniques, and discover new network applications. NANOG 73 host sponsor is CoreSite.
